Subject: FW: Protest: Updates

La version française suivra / French version to follow

Good afternoon Mayor and Councillors,

Further to my email this morning, this email will provide you with updated information regarding the demonstrations this weekend. The convoy participants have started to arrive in Ottawa. The major impacts are in the immediate area of Wellington Ave (Parliament Hill area) and Sir John A. Macdonald Parkway.

So far, flow of traffic has been managed around the congestion and closures, however, emergency access routes are identified and remain accessible.

Please note that the situation is very fluid and will continue to change. The best way to keep up to date is to follow the OPS and Ottawa Traffic social media channels, where live information is provided.

OC Transpo

Detours are in effect due to the early closure of the Sir John A. Macdonald Parkway (SJAM) for overflow of vehicles from Wellington St. Detours mimic those for NCC weekend bike days in the summer, where the section of SJAM between Lincoln Fields Station and Westboro Station is diverted:

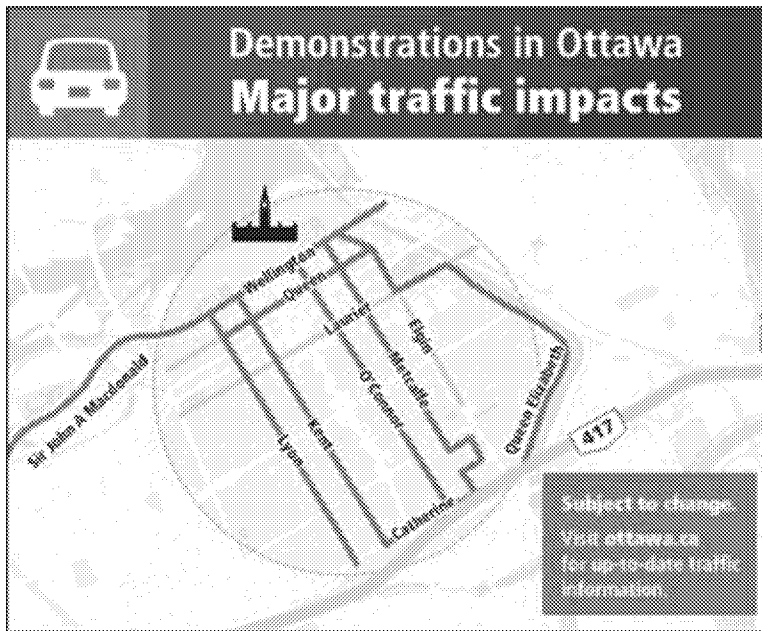

- Eastbound: From the northbound Transitway at Lincoln Fields Station to Carling Ave, left on Woodroffe Ave, right on Richmond Road, left on Churchill Ave, Right on Scott St, left into Westboro Station and continue on Transitway Eastbound.
- Westbound: From Westboro Station, right on Scott Street, left on Churchill Ave, right on Richmond Road, left on Woodroffe Ave, Right on Carling Ave then access Lincoln Fields Station to resume regular routing.

Affected Routes:

- Route 57, Route 61, Route 62, Route 63, Route 74, Route 75, Route 87. Affected stops on this section of the route will be marked as Not In Use.
- Updates are also available on [OC Transpo's website](#).

Traffic impacts

A traffic [PSA](#) with a map was published this afternoon.

The best way to keep up with the latest traffic impacts is by viewing the City's [online traffic map](#). Once on the site, select "incidents" to see roads currently being affected by the demonstrations. The City's [Traffic account on Twitter](#) will also live Tweet throughout the demonstrations.

Portable Toilet Facilities

The City has arranged for 15 portable toilet facilities to be installed on Queen Elizabeth Drive under the Laurier Avenue West overpass. The portable washrooms are expected to be delivered to the location at 5 pm on Friday, January 28. Deliveries may be delayed due to the traffic delays.

Snow removal impacts

Planned snow removal operations are paused until further notice due to the demonstrations. The City will be monitoring with an intent to recommence snow removal when feasible, and will communicate any updates to Council. The City asks that residents do not create service requests for routine snow removal.

Waste Collection

At this time, the City is not anticipating an impact to waste collection by the demonstrations. However, staff will be monitoring and will communicate any necessary changes.
